### **Scholarship Guidelines and amounts**

The Grapevine Ambucs Scholarship Committee recommends a budget and number of scholarships to the Grapevine Ambucs Board of Directors in the first quarter of the year. These scholarships are for the following academic fall/spring year. Currently this includes two Physical Therapy (PT) at Graduate level, two Vocational/Technical (VT) school students. Two for GCISD students and two for Tarrant County Community (TCC) for PT Assistant program. Funding for the scholarships comes from operating funds, donations, endowment account or a combination thereof.

### **Connection to Ambucs**

All scholarship recipients will be made a Friend of Ambucs for two years with Grapevine Ambucs paying the dues. This will allow each recipient to receive ongoing information about National AMBUCS mission and activities, potentially resulting in a new member when they move on to their careers. The committee chair or their designate will update our member data base for scholarship recipients.

In addition to their scholarship money, recipients will have a connection to Ambucs and the AmTryke program, expanding the investment in our future and theirs as well. Scholarship recipients should be encouraged to volunteer or participate at a minimum of one shift at Grapevine Ambucs events which includes volunteering for one of the festivals, parking cars for parades or assisting on assembling AmTrykes every Monday at our space at Stacey's Furniture in Grapevine
